

# SAFETY DATA SHEET

## Section 1: Identification

1.1. Product Identifier: Identification on the label / Trade name:

**VIOLINI VENEZIANA**

EAN codes: 05407012290040 (500 ml); 05407012290057 (250 ml); 05407012290026 (100 ml)

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: in different products that need fragrance such as blended essential oils for usage in combination with diffusers (without using heat or water in the process)

1.3. Details of the supplier of the safety data sheet

Company and Contact Address:

Lifestyle Supplies BV  
Heidedreef 51/2  
2970 Schilde - Belgium

Telephone: +32 33 189 356 (during business hours)  
e-mail address: support@mail.lifestylezone.eu

1.4. Emergency telephone number

Belgium: Antigifcentrum: + 32 70 245 245  
Netherlands: Nationaal Vergiftigingen Informatie Centrum (NVIC): +31 88 755 8000  
France: Centre Antipoison et de Toxicovigilance : +33 1 40 05 48 48  
Germany: Giftnotruf: +49 30 19240 (Berlin)  
Italia: Centro Antiveleni: +39 2 661 01 029 (Milano)  
España: Servicio de Información Toxicológica: +34 91 562 04 20  
Portugal: Centro de Informação Antivenenos: +351 800 250 250  
International emergency number valid in the European Community: 112

Safety Data Sheet according to (CE) nr. 1907/2006, conform latest revision.

Date / Revised: 07.02.2025

Date previous revision: 16.06.2024

Date initial version: 16.06.2024

Product: Violini Veneziana

Version 2.0

Previous Version 1.0

## Section 2: Hazard(s) Identification

### 2.1. Classification of the substance or mixture

#### Classification of the substance or mixture according to EC 1272/2008

Acute toxicity - Category 4, Oral

Eye irritation, Category 2

Hazardous to the aquatic environment, long-term (Chronic) - Category Chronic 1

Hazardous to the aquatic environment, long-term (Chronic) - Category Chronic 2

Hazardous to the aquatic environment, short-term (Acute) - Category Acute 1

Skin irritation, Category 2

Skin sensitization, Category 1

### 2.2. Label elements

Label elements according to EC 1272/2008

Signal Word(s): Warning

Pictograms:

#### Hazard Statements:

H302 Harmful if swallowed

H315 Causes skin irritation

H317 May cause an allergic skin reaction

H319 Causes serious eye irritation

H410 Toxic to aquatic life with long lasting effects

#### Precautionary Statements:

P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P233 Keep container tightly closed.

P240 Ground and bond container and receiving equipment.

P242 Use non-sparking tools.

P243 Take action to prevent static discharges.

P261 Avoid breathing dust/fume/gas/mist/vapours/spray.

P264 Wash thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

P273 Avoid release to the environment.

#### Accident response:

P301+P317 IF SWALLOWED: Get medical help.

P302+P352 IF ON SKIN: Wash with plenty of water/...

P303+P361+P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse affected areas with water [or shower].

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P330 Rinse mouth.

P332+P317 If skin irritation occurs: Get medical help.

P333+P317 If skin irritation or rash occurs: Get medical help.

P362+P364 Take off contaminated clothing and wash it before reuse.

P370+P378 In case of fire: Use extinguisher to extinguish.

P391 Collect spillage

#### Safe storage:

P403+P235 Store in a well-ventilated place. Keep cool.

P403+P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

#### Waste disposal:

P501 Dispose of contents/container in accordance with local regulation.

Safety Data Sheet according to (CE) nr. 1907/2006, conform latest revision.

Date / Revised: 07.02.2025

Date previous revision: 16.06.2024

Date initial version: 16.06.2024

Product: Violini Veneziana

Version 2.0

Previous Version 1.0

**2.3. Other hazards:**

Harmful to aquatic life

**Section 3: Composition/ Information on Ingredients**

A multi-component mixture of natural and/or synthetic aroma materials.

| Chemical Name          | Concentration | CAS No.    |
|------------------------|---------------|------------|
| Hexyl Cinnamal         | 3,33%         | 101-86-0   |
| Benzyl salicylate      | 2,7%          | 118-58-1   |
| Citronellol            | 1,89%         | 106-22-9   |
| Geraniol               | 0,288%        | 106-24-1   |
| D-Limonene             | 0,9%          | 5989-27-5  |
| HYDROXYCITRONELLAL     | 0,936%        | 107-75-5   |
| Linalool               | 5%            | 78-70-6    |
| Lily Aldehyde          | 6,165%        | 80-54-6    |
| Alpha-Isomethyl Ionone | 1,674%        | 127-51-5   |
| Florol                 | 5%            | 63500-71-0 |
| Benzyl Acetate         | 2%            | 140-11-4   |
| GALAXOLIDE             | 10%           | 1222-05-5  |
| ISOPAR L               | 64,055%       | 64742-48-9 |

**Section 4: First-Aid Measures****4.1. Description of first aid measures****After skin contact:** Remove all contaminated clothing, wash with plenty of water and soap. Seek medical attention.**After eye contact:** Flush immediately with water for at least 10 minutes. Contact physician if symptoms persist.**After inhalation:** Remove the individual to fresh air. Contact a physician if necessary**After swallowing:** Rinse mouth with water. If vomiting, contact a physician or contact your country/state

poison control center. In severe cases seek medical attention and show the safety data sheet.

**4.2. Most important symptoms and effects, both acute and delayed:** See Section 2

**4.3. Indication of any immediate medical attention and special treatment needed:** See Section 4.1

## Section 5: Fire-Fighting Measures

### 5.1. Suitable Extinguishing Agents:

**Recommended extinguishers:** Carbon dioxide, foam or powder-fire extinguisher.

**Extinguishers not to be used:** Do not use a direct water jet on burning material.

#### Fire control measures:

Fire personnel must wear a breathing apparatus, wearing a full - body firefighting suit, on the wind to extinguish the fire.

Move the container from the fire to the open as far as possible.

Containers in fire must be evacuated immediately if they become discolored or sound from a safety relief device.

Isolate the scene of the accident and forbid irrelevant personnel to enter.

### 5.2. Special hazards arising from the substance or mixture

**Risks arising from combustion:** Avoid inhaling the fumes.

### 5.3. Advice for firefighters

**Protective Equipment:** Use protection for the respiratory tract.

**Additional Information:** Contaminated fire extinguishing water must be collected separately; it must not enter sewerage system

## Section 6: Accidental Release Measures

### 6.1. Personal precautions, protective equipment and emergency procedures

**For non-emergency personnel:** Prevent further leakage or spillage if safe to do so. Keep away from Incompatible products.

**For emergency personnel:** Evacuate personnel to safe area. Keep people away from and upwind of spill/leak. Ventilate the area. Wear suitable protective clothing.

### 6.2. Environmental hazards

Inform fire brigade of large spillages.

Keep away from drains, surface and ground water, and soil.

Spillages should be contained immediately by use of sand or inert powder and disposed of according to local regulations.

### 6.3. Methods and material for containment and cleaning up

**Small leak:** Rapidly recover the product. To do so, wear a mask and protective clothing. If possible, collect product for re-use or disposal. Do not allow the material to enter drainage systems.

**Large number of leakage:** Build a wall or dig a pit for shelter. Close the drain pipe. Cover with foam to suppress evaporation. Transfer to tank car or special collector by explosion-proof pump, recycle or transport to waste treatment site for disposal.

### 6.4. Reference to other sections

See section 7 for information on safe handling.

See section 8 for information on personal protection equipment.

See section 13 for information on disposal

## Section 7: Handling and Storage

### 7.1. Precautions for safe handling

Operators should be specially trained to strictly follow operating procedures.

Handling should be carried out in a location with local or full ventilation.

Avoid eye and skin contact and avoid inhaling steam.

Safety Data Sheet according to (CE) nr. 1907/2006, conform latest revision.

Date / Revised: 07.02.2025

Date previous revision: 16.06.2024

Date initial version: 16.06.2024

Product: Violini Veneziana

Version 2.0

Previous Version 1.0

See Section 8 for personal protection measures.  
 Keep away from fire, heat, and smoking in the workplace.  
 Use explosion-proof ventilation systems and equipment.  
 For canning, the flow rate should be controlled and grounded to prevent static buildup.  
 Avoid contact with incompatible materials such as oxidizing agents (see Section 10 for incompatible materials).  
 Lightly load and unload during handling to prevent damage to packaging and containers.  
 Empty containers may be harmful residues.  
 Wash hands after use and prohibit eating in the workplace.  
 Equipped with the corresponding variety and quantity of fire-fighting equipment and leakage emergency treatment equipment.

## 7.2. Conditions for safe storage, including any incompatibilities

### Storage Conditions:

Store in well filled and tightly closed original containers, and protect from heat and light.  
 Avoid certain plastic and uncoated metal containers.

### Instructions as regards storage premises:

Store in a cool, dry and ventilated area. Keep away from sources of ignition and naked flames.  
 Prohibit the use of equipment and tools that are prone to sparks

### Incompatible Materials:

None known that present a hazard.

## 7.3. Specific end use(s)

Perfumed product for professional or consumer use

## Section 8: Exposure Controls/Personal Protection

### 8.1. Control parameters

8.1.1 Occupational exposure limits: Not available

8.1.2 Additional exposure limits under the conditions of use: Not available

8.1.3 DNEL/DMEL and PNEC-Values: Not available

### 8.2. Exposure controls

#### 8.2.1 Appropriate engineering controls:

Give adequate ventilation to the premises where the product is stored and/or handled.  
 Ensure adequate ventilation .Apply technical measures to comply with the occupational exposure limits

#### 8.2.2 Individual protection measures, such as personal protective equipment:

##### Respiratory protection:

Not needed for normal use.

##### Protection for hands:

Avoid contact. Use chemically resistant gloves as needed, e.g. butyl rubber or nitrile rubber protective index 6

##### Protection for eyes:

Avoid contact. Wear safety glasses

##### Protection for skin:

Avoid contact. Use suitable protective clothing as needed.

#### 8.2.3 Environmental exposure controls:

Avoid discharge into the environment. Discharge according to local regulations, Federal and official regulations.

## Section 9: Physical and Chemical Properties

### 9.1. Information on basic physical and chemical properties

Form: liquid

Odor: specific fragrance odor

Odor threshold: not available

pH: not available

Melting point/melting range: not available

Boiling point/boiling range: not available

Safety Data Sheet according to (CE) nr. 1907/2006, conform latest revision.

Date / Revised: 07.02.2025

Date previous revision: 16.06.2024

Date initial version: 16.06.2024

Product: Violini Veneziana

Version 2.0

Previous Version 1.0

Flash point: 102°C  
 Evaporation rate: not available  
 Flammability: not available  
 Upper/lower flammability or explosive limits: not available  
 Auto ignition temperature: not available  
 Danger of explosion: not available  
 Vapor pressure: not available  
 Vapor density: not available  
 Relative density: not available  
 Solubility in/Miscibility with water: no  
 Specific gravity (D20/20): 0.883-0.903  
 Refractive index (N D/20): 1.452-1.472

## Section 10: Stability and Reactivity

### 10.1. Reactivity

The substance is stable under normal storage and handling conditions.

### 10.2. Chemical stability

Stable at room temperature in closed containers under normal storage and handling conditions.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known.

### 10.4. Conditions to avoid

Incompatible materials. Excessive heat.

### 10.5. Incompatible materials

Strong oxidizing agents.

### 10.6. Hazardous decomposition products

Carbon monoxide and unidentified organic compounds may be formed during combustion.

## Section 11: Toxicological Information

This preparation has not been subject to toxicological testing as an entity; therefore no specific LD50/LC50 values have been determined. The toxicological information available related to the ingredients and their concentrations enables the evaluation of this preparation.  
 For further information see sections 2, 15 & 16.

### 11.1. Information on toxicological effects

There are no relevant toxicological test data for this formulation, but the composition of the product has relevant toxicological literature data.

Ingestion: not allowed

Skin Contact: direct skin contact not allowed

Eye Contact: may cause eyes irritation

Carcinogenicity: unknown

## Section 12: Ecological Information (non-mandatory)

There are no relevant ecotoxicity data for this formulation, but the composition of the product has relevant ecotoxicity literature data.

### 12.1. Ecotoxicity

Avoid contaminating the earth as well as surface and ground water. This preparation has not been subject to ecological testing as an entity; therefore no specific data has been generated. The ecological information available relating to the ingredients and their concentrations enables the evaluation of this preparation.  
 For further information see sections 2, 15 & 16.

**12.2. Persistence and degradability**

Not available

**12.3. Bioaccumulative potential**

Not available

**12.4. Mobility in soil**

Not available

**12.5. Results of PBT and vPvB assessment**

Not applicable

**12.6. Other adverse effects**

Not available

**Section 13: Disposal Considerations (non-mandatory)****13.1. Waste treatment methods**

Recycle as much as possible.

If it cannot be recycled, it is disposed of by incineration.

Do not dispose of this product by draining it into a sewer.

Do not reuse empty containers. For more information, please refer to item 6, item 7 and item 8.

**13.1.1 Product and packaging handling:** Return the container to the manufacturer or dispose of it in accordance with national and local regulations.**13.1.2 Waste treatment related information:** Refer to national and local regulations before disposal. See Section 8 for safety precautions for disposers.**13.1.3 Information related to wastewater treatment:** Wastewater treatment, biological treatment.**13.1.4 Other disposal recommendations:** Waste disposal must be authorized to manage and authorize transshipment according to the current regulations in each region.**Section 14: Transport Information (non-mandatory)****14.1 Transportation Information**

UN number dangerous goods number (UN number): no data

UN transport name: no information

UN Classification of Risks: No Information

Packing category: no data

**Packing method:** Pack according to the method recommended by the manufacturer, for example: open steel drum. An ordinary wooden box outside the ampoule. Threaded glass bottles, iron caps, glass bottles, plastic bottles or metal barrels (cons) outside the ordinary wooden box.**Marine pollutants (yes/no):** no**14.2 Transportation considerations.**

a. Transport vehicles should be equipped with the appropriate variety and quantity of fire-fighting equipment and leakage emergency treatment equipment.

b. It is strictly forbidden to mix and transport with oxidants and food chemicals.

c. The vehicle exhaust pipe carrying the item must be equipped with a fire arresting device.

d. When using a tank (tank) vehicle, there should be a grounding chain. A hole partition can be provided in the tank to reduce the static electricity generated by the shock.

e. It is forbidden to use mechanical equipment and tools that are prone to sparks.

f. It is best to transport in the summer and evening.

g. During transportation, it should be protected from exposure, rain and high temperature.

h. Keep away from fire, heat and high temperature areas during stopovers.

i. When transporting by road, follow the prescribed route and do not stay in residential areas and densely populated areas.

Safety Data Sheet according to (CE) nr. 1907/2006, conform latest revision.

Date / Revised: 07.02.2025

Date previous revision: 16.06.2024

Date initial version: 16.06.2024

Product: Violini Veneziana

Version 2.0

Previous Version 1.0

- j. It is forbidden to slip when transporting by rail.
- k. It is strictly forbidden to transport in bulk by wooden or cement vessels.
- l. Hazard signs and notices shall be posted on the means of transport in accordance with the relevant transport requirements.

### Section 15: Regulatory Information (non-mandatory)

#### 15.1. General Information

For classification and labeling information see section 2. The classification of this mixture is in accordance with EC 1272/2008 as amended

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out for this mixture

### Section 16: Other Information

#### 16.1. Main references and sources :

GB/T 16483-2008 ; GB/T 17519-2013 ; GB 30000 Series classification standard, Version 1.0 Amended by (EU) 2015/830, Classification and label summary tables; Spice Industry Association; supplier information, etc.

#### 16.2 Further information: This information is based upon the present state of our knowledge .This SDS has been compiled and is solely intended for this product.

#### 16.3. Notice to reader:

The information in this data sheet is to the best of our knowledge true and accurate, but all data, instructions and/or suggestions are made without guarantee. These statements are solely for the above-mentioned product and should help to take adequate safety precautions. This "Safety Data Sheet" replaces all previous ones.
